EVENT INFORMATION

SUPPORT VEHICLES

Private support vehicles are not permitted on course as they cause unnecessary traffic congestion and inhibit the ability of registered support vehicles to efficiently navigate the route.

HAZARD AREAS

Take care through a section of the course located approximately 13-16km after the start on Talbot Rd that becomes narrow with no centre line markings so riders will need to take the utmost care, stay left and look out for oncoming vehicles.

Please take caution when making the right turn from Qualen West Rd into Talbot Rd heading to the finish line as it is a fast descent down Qualen West Rd.

BIKE MECHANIC

Well serviced bikes make for fun rides. Fully servicing your bike before the event is highly recommended.

Vault Cycle Services will be at the Event Village to provide last minute checks and adjustments. Be sure to drop by and say hi to Richard and grab a business card for all your servicing needs at reasonable prices.

FIRST AID

A St John Ambulance crew will be stationed at the Winners Aid Station and Medical Edge will be following the broom wagon on course.

Should you require medical assistance, speak with a marshal or contact Event Control on **0475 709 568**.
Please save this number in you phone.

PHOTOGRAPHY

Photos from our official photographer **Neil McLagan** will be available through 'WestCycle Events' **Facebook** and **Instagram** post-event.

We love to see your footage too so feel feel to tag 'WestCycle Events' in to your **#canolaclassic** posts, reels and stories!

POST-EVENT

After the ride, the pink wristband in your Rider Pack will get you a complementary, hot buffet meal. Beverages will be available from the bar.

Feel free to stay behind after the event to swap yarns and soak up the post-ride atmosphere with York Football club playing Beverley Football Club at the Rec Centre at 2:30pm.

ENJOY YOUR RIDE!
